**PROLINTAS INFRA BT REPORTS RESILIENT 2Q25 PERFORMANCE,
DECLARES 3.18 SEN PER UNIT DISTRIBUTION**

Kuala Lumpur, 22 August 2025 – Prolintas Infra Business Trust (“Prolintas Infra BT” or the “Trust”) today announced its unaudited financial results for the second quarter ended 30 June 2025 (“2Q25”), demonstrating steady revenue growth and improved profitability. The Trust continued to showcase operational strength and financial resilience, supported by higher toll collections and prudent cost management.

Highway operations revenue rose 4.0% year-on-year to RM80.8 million, compared to RM77.6 million in the same quarter last year (“2Q24”). The growth was driven by a 4.1% increase in overall toll collection across all highways in the Trust’s portfolio, with AKLEH recording a 1.0% rise, GCE up by 4.3%, LKSA increasing by 5.2%, and SILK posting a 4.7% growth compared to the same quarter last year.

Profit before tax (“PBT”) grew by 33.5% to RM15.9 million, up from RM11.9 million in 2Q24. The improvement was primarily due to higher toll revenue and increased investment income from Shariah-compliant placements.

For the six-months period ended 30 June 2025, the Trust recorded a Distributable Amount of RM37.6 million. The Trustee-Manager, Prolintas Managers Sdn. Bhd., has proposed a first-half distribution of RM35.0 million, representing 93% of the Distributable Amount, which exceeds the Trust’s minimum distribution policy of 90%. This translates to a distribution of 3.18 sen per unit, payable on 22 September 2025 to Unitholders registered in the Record of Depositors as at 10 September 2025.

As at 30 June 2025, the Trust maintained a healthy cash reserve of RM492.5 million, providing capacity to support distributions, sustain operations, meet debt obligations and pursue future growth opportunities.

As Malaysia’s first Islamic business trust listed on Bursa Malaysia, Prolintas Infra BT manages four key highways – AKLEH, GCE, LKSA and SILK – that form critical transport links in the Klang Valley. Its assets are strategically positioned in high-density, high-traffic corridors, providing a stable foundation for recurring income and long-term value to Unitholders.

Looking ahead, the Chief Executive Officer highlighted that the Trust remained optimistic about the outlook for its highways. Despite persistent global economic uncertainties, the Trust maintains confidence in the long-term fundamentals of its assets. Supported by Malaysia’s steady economic growth and ongoing urbanisation, the highways continue to serve as essential transport links within the Klang Valley. The Trust remains committed to unlocking organic growth by enhancing the user experience through upgraded facilities and value-added services, reinforcing its position as the preferred choice for commuters.

-Ends-

ABOUT PROLINTAS INFRA BUSINESS TRUST

On 25 March 2024, four key highways under Prolintas Managers Sdn. Bhd. ("PMSB" or "Trustee-Manager") were listed on the Main Market of Bursa Malaysia Securities Berhad via a business trust known as Prolintas Infra Business Trust ("Prolintas Infra BT" or the "Trust").

The first Islamic business trust in the history of Malaysia, Prolintas Infra BT encompasses Ampang-Kuala Lumpur Elevated Highway ("AKLEH"), Guthrie Corridor Expressway ("GCE"), Lebuhraya Kemuning-Shah Alam ("LKSA") and Sistem Lingkaran Lebuhraya Kajang ("SILK"), all of which serve as the backbone of national development by enhancing the connectivity of urbanised townships and communities across Klang Valley.

Prolintas Infra BT is managed by Prolintas Managers Sdn. Bhd. as the Trustee-Manager with the key objective of providing Unitholders with stable distributions.
